### INTRODUCTORY STATEMENT

## SECTION 2

### INTRODUCTORY STATEMENT

The Military Personnel Appropriation, Air Force, provides financial resources to compensate active military personnel required to support the approved force structure. The Appropriation also includes funds for retired pay accrual, unemployment compensation and social security benefits for widows and orphans of military personnel. These entitlements were approved by Congress and enacted via Public Law.

The tables in Sections 1 through 5 contain budget data for Pay and Allowances of Officers, Enlisted and Cadets; Subsistence of Enlisted Personnel; Permanent Change of Station Travel; and Other Military Personnel costs. Retired pay accrual is reflected in Pay and Allowances of Officers and Enlisted personnel, as appropriate. Unemployment compensation and social security benefits are under Other Military Personnel Costs. The budget activity structure and detailed justification demonstrate how the military personnel program is managed and controlled. It displays the inventory of officers, enlisted personnel and cadets and shows the associated workyears. This management overview encompasses a wide range of personnel actions that involve requirements dealing with grade structure, promotions, gains and losses, flight status, basic allowance for subsistence, permanent change of station travel and other related personnel issues and requirements.

The Air Force has planned a reduction of 19,200 in programmed end strength from 444,900 to 425,700 between FY 1993 and FY 1994 in the FY 1994 President's Budget. While most of the reduction is attributable to force structure drawdown, Congressionally approved base closures, fewer support organizations, and management improvements, we continue to bring our military end strength to its lowest level in more than 40 years.

Significant use of the authorized voluntary separation incentive and the special separation benefit (VS/SSB) programs as well as the newly authorized 15 year retirement program are reflected in the budget estimate in order to avoid involuntary separations and to shape the force while achieving force reductions. Budget estimates include the total funding requirements for SSB in FY 1992 thru FY 1994 and 15 year retirement in FY 1993 and FY 1994. For VSI, specific amounts are identified for initial payments as well as all annuity payments which are funded in the VSI Trust Fund.

Current law requires that the budget request include amounts for military retirement accrual consistent with the most recent Board of Actuaries assumptions. This budget reflects the Board of Actuaries approved economic assumption changes effective in FY 1993 and FY 1994.

#### FISCAL YEAR 1992

The Fiscal Year 1992 column, FY 1994 President's Budget reflects the total Congressional appropriation of \$20,617,500 with an end strength of 470,315 and 496,936 workyears. The appropriated amount includes the FY 1992 Omnibus Reprogramming (\$141.7 million) and the FY 1992 Supplemental (\$313.5 million).

#### FISCAL YEAR 1993

The Fiscal Year 1993 column, FY 1994 President's Budget reflects the following actions:

- (a) Fiscal Year 1993 End Strength and Associated Workyears. The FY 1993 end strength is 444,900 with 455,351 workyears.
- (b) Fiscal Year 1993 Funding Level. The FY 1993 funding level is \$19,767,415. Reimbursements are estimated to be \$1,289,200. As a result of program changes (primarily understrength) during FY 1993, we are identifying \$102,948 as a source for required reprogramming actions.

- (c) Retired Pay Accrual. The normal cost percentage for FY 1993 is 38.4% of basic pay.
- (d) Pay Raise. The FY 1993 pay raise is 3.7% with the annualization of the FY 1992 4.2% pay raise.
- (e) Inflation. The economic assumption for inflation for FY 1993 is 2.4%.

#### FISCAL YEAR 1994

The Fiscal Year 1994 column, FY 1994 President's Budget reflects the following actions:

- (a) Fiscal Year 1994 End Strength and Associated Workyears. The FY 1994 end strength is projected to be 425,700 with 437,818 workyears.
- (b) Fiscal Year 1994 Funding Level. The FY 1994 budget request is \$18,119,263. Reimbursements are estimated to be \$2,489,633. The large increase in reimbursements is attributed to Air Mobility Command becoming part of the Defense Business Operations Fund (DBOF).
- (c) Retired Pay Accrual. The normal cost percentage for FY 1994 is 36% of basic pay.
- (d) Pay Raise. No FY 1994 pay raise.
- (e) Inflation. The economic assumption for inflation for FY 1994 is 2.4%.

PROJECT: BASIC PAY -- OFFICERS

FY 1992	Actual	\$3,528,612
FY 1993	Estimate	\$3,371,492
FY 1994	Estimate	\$3,244,159

PART I -- PURPOSE AND SCOPE

Funds provide basic compensation for officers on active duty according to grade and length of service under provisions of 37 U.S.C. 201, 203 and 205.

PART II -- JUSTIFICATION OF FUNDS REQUESTED

The Air Force officer personnel program reflected in this budget submission includes losses in FY 1994 through Voluntary Separation Incentive (VSI), Special Separation Benefit (SSB), and 15 Year Early Retirement. In addition to the VSI/SSB loss programs, the Air Force will offer eligible officers 15 Year Early Retirement to minimize additional loss requirements (such as Selective Early Retirement Boards and VSI/SSB), as directed by the FY 1993 Defense Authorization Act.

Officer accessions for FY 1994 are programmed at the minimum level necessary to ensure an adequate number of entries into the officer ranks to sustain desired future experience levels.

Medical personnel strengths have been increased above programmatic requirements in order to comply with Congressional direction prohibiting reduction in medical personnel below FY 1989 levels.

PROJECT: INCENTIVE PAY FOR HAZARDOUS DUTY - OFFICERS

FY 1992	Actual	\$245,266
FY 1993	Estimate	\$244,115
FY 1994	Estimate	\$213,419

PART I - PURPOSE AND SCOPE

The purpose of Incentive Pay for Hazardous Duty is to help the Air Force attract and retain officer volunteers in duties requiring more than normal exposure to hazardous duties in peacetime. Funds provide payment to officers under provisions of 37 U.S.C. 301 as follows:

- (1) Aviation Career Incentive Pay (ACIP) - Paid to regular and reserve officers who hold, or are in training leading to an aeronautical rating or designation and who engage and remain in aviation service on a career basis. It is paid in fixed monthly amounts ranging from \$125 to \$650. Effective FY 1990 the ACIP rates were modified for certain years of aviation service as a result of the Aviation Career Improvement Act of 1988.
- (2) Aviation Continuation Pay (ACP) - The ACP program is a financial incentive to complement non-monetary initiatives to improve pilot retention.
- (3) Non-Crew Member - Involves frequent and regular participation in aerial flights. Paid as an incentive for the performances of hazardous duty required by orders. It is paid to non-rated crew members and non-crew members (e.g. gunnery instructors, aerial photo personnel, flight nurse) only when performing such duties, in fixed monthly amounts of \$110.
- (4) Air Weapons Controller - It has been difficult in recent years to retain members in Airborne Warning and Control System (AWACS) duties. As a result, the rates for this duty have been increased and range from \$125 to \$350 per month.
- (5) Parachute Jumping - Duties involving parachute jumping from an aircraft in aerial flight and performing the specified minimum jumps. Payable at \$110 per month. Members who perform duty involving parachute jumping at a high altitude with a low opening (HALO) as an essential part of duty, are entitled to pay at the monthly rate of \$165.
- (6) Experimental Stress - An unusually high level of physiological or other stress; specifically (a) duty inside a high (hyperbaric) or low pressure (altitude) chamber, (b) duty as a human acceleration/deceleration test subject, and (c) duty as a human test subject in thermal stress experiments. It is paid under specified conditions in a monthly amount of \$110.
- (7) Demolition - Explosive demolition as a primary duty including training for such duty. It is paid under specified conditions at a monthly rate of \$110.
- (8) Toxic Fuel Handlers - Duties in which personnel may be exposed to toxic fuels and propellants. This pay was initiated as a result of a number of casualties among personnel who work with hypergolic fuel, specifically, hydrazine and nitrogen tetroxide. It is paid at a monthly rate of \$110.
- (9) Live/Hazardous Biological Organisms - Duty involving laboratory work utilizing live dangerous viruses or bacteria. Paid at the monthly rate of \$110.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Incentive duty pay is computed on the basis of the average number of officers in each category of aviation service/commission service who are eligible for payment. Other incentive duty pay is computed at the statutory rate per man-year. Workyear decreases reflect the projected force drawdown.

- (2) Personal money allowances for certain general officers under provisions of 37 U.S.C. 414 (a). The allowance is payable while an officer is serving in the grade of O-9 or above at annual rates of \$500 and \$2,200 for O-9a and O-10a, respectively. Entitlement may also be based upon specific duty assignments as follows: (1) Chairman of the Joint Chiefs of Staff and Chief of Staff of the Air Force payable at \$4,000 per year in place of any other personal money allowance authorized and (2) Senior member of the Military Staff Committee of the United Nations payable at \$2,200 per year in addition to the other personal money allowance authorized.
- (3) Pararescue Diving Duty. The purpose of the special pay is to alleviate a critical manning shortage. This duty involves underwater rescue missions, recovery of space vehicles, detection and treatment of decompression sickness, and infiltration/exfiltration for land rescue in a combat environment. It is paid at the rate of \$150 per month.
- (4) Hostile Fire Duty. Paid to members who serve in designated areas subject to specific dangers. Paid at the rate of \$150 per month.
- (5) Foreign Language Proficiency Pay (Linguist). 37 U.S.C. 316 authorizes this special pay to all officers who are proficient in a second language and DOD has critical need for that language. The pay shall not exceed \$100 a month.

## PART II - JUSTIFICATION OF FUNDS REQUESTED

Variable Special Pay is based on cost factors derived from statutory rates and the average number of physicians and dentists programmed per years of creditable service. Board Certified Pay and Special Incentive Pay are based on the estimated number of physicians and dentists who qualify to receive these special pays multiplied by the statutory rates. The ISP and MSP rates are based on the projected specialties needed. Additional Special Pay is estimated from the expected number of physicians who will agree to remain on active duty for at least one additional year, times the applicable rate based on longevity. Beginning in FY 1991, IAW The National Defense Authorization Act, MSP was instituted as a force management tool. Eligible officers who signed up for MSP (and replaced MORB) are paid over a multi-year period. Special pay for dentists is based on longevity of programmed dentists times the applicable rates. Special pay for veterinarians and optometrists is computed by multiplying the statutory rates by the number people programmed in each specialty.

Details of the computation are shown in the following tables.

PROJECT: BASIC ALLOWANCE FOR QUARTERS - OFFICERS

FY 1992	Actual	\$477,501
FY 1993	Estimate	\$463,739
FY 1994	Estimate	\$450,644

PART I - PURPOSE AND SCOPE

Funds provide payment of basic allowance for quarters authorized under provisions of 37 U.S.C. 403, to officers with or without dependents, partial payments to bachelors in government quarters and to officers occupying inadequate quarters under provisions of 10 U.S.C. 2830.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Basic allowance for quarters (BAQ) is determined by multiplying the number of eligible personnel by the statutory rates, by pay grade. The total requirement considers the projected number of sponsor manyears and the projected number of these manyears that will reside in government housing. For inadequate housing, the rate payable is the with-dependent rate less the current experienced average rate charge of the fair rental value of the housing unit. (Pay raise adjustments: FY 1992 -4.2%, FY 1993 -3.7% and no raise in FY 1994)

Dollar amounts associated with the above adjustments to BAQ program costs are summarized in the Schedule of Increases and Decreases.

The computation of fund requirements is provided by the following tables:

PROJECT: VARIABLE HOUSING ALLOWANCE - OFFICERS

FY 1992	Actual	\$106,338
FY 1993	Estimate	\$104,509
FY 1994	Estimate	\$101,306

PART I - PURPOSE AND SCOPE

Funds provide for payment of variable housing allowance (VHA) authorized under provisions of 37 U.S.C. Section 403a. VHA is based on pay grade, whether member has dependents, and duty assignment in high cost housing areas in the Continental United States, Alaska and Hawaii. A member with dependents who is assigned to an unaccompanied tour of duty outside the U.S. is entitled to a VHA while serving such a tour of duty for any period during which the member's dependents reside in an area of the U.S. which would qualify the member to receive a VHA if assigned to duty in that area.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The Joint Federal Travel Regulation (JFTR), 1 January 1987, authorizes VHA to partially offset high cost housing in designated areas. VHA is authorized to assist members entitled to a basic allowance for quarters (BAQ) to defray housing costs when: (a) Government quarters are not assigned or occupied jointly by the member and dependent(s), and (b) the member is assigned to permanent duty station in a high housing cost area in the United States. For VHA purposes, high housing cost areas are those locations where the median monthly cost of housing for members in the same grade exceeds 80 percent of the median monthly cost of housing for members in same grade throughout the Continental United States (CONUS).

The computation of requirements is provided in the following table:

FY 1992	Actual	\$151,263
FY 1993	Estimate	\$142,722
FY 1994	Estimate	\$139,424

PART I - PURPOSE AND SCOPE

Funds provide monthly subsistence allowance as authorized by 37 U.S.C. 402.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Basic allowance for subsistence costs are computed by multiplying the statutory rate by the programmed officer workyears. The rate increase in FY 1993 over FY 1992 is a direct result of the 3.7% pay raise effective 1 January 1993 and annualization of the 4.2% FY 1992 pay raise. Workyears are reduced to reflect the drawdown in force structure.

Details of the computation are provided in the following table:

FY 1992	Actual	\$112,684
FY 1993	Estimate	\$120,682
FY 1994	Estimate	\$95,618

PART I - PURPOSE AND SCOPE

Funds provide payment of a per diem allowance to officers on duty outside the continental United States. The station allowance considers all elements of the cost of living, including quarters, subsistence and other necessary incidental expenses as prescribed by Joint Travel Regulation and authorized under the provisions of 37 U.S.C. 405.

PART II - JUSTIFICATION OF FUNDS REQUESTED

This allowance is authorized for the purpose of defraying the average excess costs experienced by service members. An Overseas Housing Allowance (OHA) consists of the difference between the Basic Allowance for Quarters (BAQ) and the applicable housing costs in the overseas area where members are stationed. The Moving In Housing Allowance is intended to offset initial costs such as rent deposits, electrical current transformers and other overseas unique initial housing costs. The Temporary Lodging Allowance covers the off-base housing (hotels) costs for military members permanently relocating in or out of an overseas location. The numbers of personnel entitled to an overseas station allowance are based on historical data adjusted for known changes of each type of allowance.

The workyears for Cost of Living Allowance, Housing Allowance, Moving In Allowance and Temporary Lodging are based on authorized overseas strengths for each fiscal year.

PROJECT: UNIFORM ALLOWANCES - OFFICERS

FY 1992	Actual	\$1,771
FY 1993	Estimate	\$1,747
FY 1994	Estimate	\$1,747

PART I - PURPOSE AND SCOPE

Funds provide an initial clothing allowance to officers upon commissioning and an additional allowance for purchase of required uniforms. Authorization for this allowance is under the provisions of 37 U.S.C. 415 and 416. Congress in the FY 1988-1989 National Defense Authorization Act authorized the payment of Civilian Clothing Allowance for Air Force Officers. Officers assigned at locations outside the United States who are required to wear civilian clothing in the performance of their duties and/or a TDY mission are entitled to receive this allowance.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Uniform allowances are determined by applying statutory rates to the programmed number of eligible officers. Starting January 1, 1985 the initial clothing allowance paid to all personnel commissioned or appointed as officers in the Regular or Reserve component is \$200, regardless of source of commission or previous enlisted status. Officers are also entitled to an additional active duty uniform allowance of \$100 to pay for additional uniforms required while they are on active duty for training. The number of payments for FY 1983 and FY 1994 are based on the number of accessions programmed.

PROJECT: FAMILY SEPARATION ALLOWANCES - OFFICERS

FY 1992	Actual	\$2,436
FY 1993	Estimate	\$2,370
FY 1994	Estimate	\$2,156

PART I - PURPOSE AND SCOPE

Funds provide two types of family separation allowance (FSA I & II) payments, under the provision of 37 U.S.C. 427, to officers with dependents to compensate for added expenses incurred because of forced separation from dependents:

- (1) Members are entitled to FSA I when travel of dependents to overseas duty station is not authorized and the member maintains two homes, one in CONUS for his family and one overseas.
- (2) FSA II is payable when a member with dependents makes a permanent change of station or is on temporary duty travel for thirty days or more either in CONUS or overseas and the travel of dependents to his duty station is not authorized and dependents do not reside at or near the duty station.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Allowances for family separation payments are determined by multiplying the number of personnel eligible for each type of family separation allowance by the applicable statutory rate.

Details of the cost computation are provided in the following tables.

FY 1992	Actual	\$149,202
FY 1993	Estimate	\$354,949
FY 1994	Estimate	\$123,805

PART I - PURPOSE AND SCOPE

Funds provide:

- (1) Lump sum terminal leave payments to officers for unused accrued leave at time of discharge (under honorable conditions), retirement or death under provisions of 10 U.S.C. 701, and 37 U.S.C. 501.
- (2) Severance pay to officers who are involuntarily discharged or released from active duty, including severance pay to officers not eligible for retirement under any provision of law on the date of elimination by promotion list passover, under provisions of 10 U.S.C. 637 (a); disability severance pay paid to a member separated from the service for a physical disability under provisions of 10 U.S.C. 1212; and severance pay paid to certain members who voluntarily separate under the Voluntary Separation Incentive (VSI)/Special Separation Benefit (SSB) programs.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Lump Sum Terminal Leave payments are determined by multiplying the projected number of eligibles for each applicable separation payment at rates based on past experience and adjusted for pay raises. For leave accumulated prior to September 1, 1976, and retained throughout the career, payments include basic pay, basic allowance for subsistence and basic allowance for quarters. For leave accumulated after September 1, 1976, to include the lowering to the September 1, 1976 leave balance, the rate payable is basic pay only. Leave payments will not exceed the career total of 60 days. The FY 1992 program includes Lump Sum Terminal Leave payments for the remaining Reserve Forces mobilized in FY 1991 during Operation Desert Shield/Desert Storm.

Severance pays are determined by multiplying a member's basic pay rate for a specified number of months times years of service times a specific percent based on the separation criteria.

The FY 1992 Defense Authorization Act approved two voluntary separation programs to employ during the force drawdown. The programs apply to officer and enlisted members who have more than 6 and less than 20 years of service. The first is the Voluntary Separations Incentive Program (VSI), and the second is the Special Separation Benefit Program (SSB). VSI is calculated as follows: annual basic pay x 2.5% x years of service with annuity payments for twice the years of service. SSB payments are calculated as follows: annual basic pay x 15% x years of service. These programs will be used to reduce involuntary separations and will be offered to members in overage specialties to facilitate force shaping requirements during the drawdown.

The FY 1993 National Defense Authorization Act approved an active duty early retirement program for use during the force drawdown. The early retirement program is necessary to shape the 15-20 year segment of the force. It will assist the services in achieving their drawdown goals of maintaining readiness and treating people fairly. The criteria for early retirement will include such factors as grade, years of service, and skill, with a focus on the population where the inventory exceeds requirements. The Air Force will offer early retirement to about 40 officers in FY 1993 and 800 in FY 1994. Members approved for early retirement will receive the same benefits as individuals with 20 or more years of service. However, their retired pay will be reduced by one percent for each year that they are short of 20 years of active duty. The early retirement amount is the product of 2.5% x the years of service x basic pay x reduction factor. For members who leave under early retirement program, the Air Force is required to establish a subaccount within the Military Personnel Appropriation to fund all early retirement payments up front which will cover the entire initial period. This period is defined as that period equal to the difference between 20 years and the number of years completed by the member. The authority to use the early retirement benefit terminates on 1 October 1995.

PROJECT: SOCIAL SECURITY TAX (EMPLOYER'S CONTRIBUTION) - OFFICERS

FY 1992	Actual	\$313,407
FY 1993	Estimate	\$300,485
FY 1994	Estimate	\$288,593

PART I - PURPOSE AND SCOPE

Funds represent the Air Force contribution (as an employer) as required by the Federal Insurance Contribution Act (FICA) under provisions of 26 U.S.C. 3101, and 3111.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Social Security costs are based on the percentage rate set by law on a member's salary for a calendar year. P.L. 98-21, "Social Security Amendment of 1983" dated 20 April 1983 establishes the tax rate while the maximum taxable income is determined by the Social Security Administration. Effective 1 January 1990, the tax rate was 7.65% on \$51,300 taxable income. In 1992, the taxable income ceiling increased to \$55,500. The taxable income ceiling for FYs 1993, and 1994 is \$57,900 and \$61,000 respectively. The FICA computations are based on base pay and the percentage rate set by law for a given calendar year. The increase in requirements is due to the increase in maximum wages taxed as a result of the 3.7% pay raise in FY 1993; with no pay raise for FY 1994.

Funding for FY 1992, FY 1993, and FY 1994 includes employer's contribution to Social Security for which military members receive wage credit but no social security tax (i.e., quarters and subsistence allowances). DoD makes direct payments to the Social Security Trust Funds based on Health and Human Services (HHS) estimates to cover the cost of these additional credits.

Details of the computations are shown below:

PROJECT: BASIC PAY - ENLISTED

FY 1992	Actual	\$6,454,100
FY 1993	Estimate	\$6,203,204
FY 1994	Estimate	\$5,984,650

PART I - PURPOSE AND SCOPE

Funds provide basic compensation to enlisted personnel on active duty, including length of service increments, under provision of 37 U.S.C. 201, 203 and 205.

PART II - JUSTIFICATION OF FUNDS REQUESTED

FY 1992 began with 409,425 and ended at 375,684 using 338,037 workyears. Included in the FY 1992 program was the implementation of the Voluntary Separation Incentive (VSI)/ Special Separation Benefits (SSB) programs. The VSI/SSB programs spanned two fiscal years (82/83) and enlisted personnel opting to separate with the VSI/SSB were allowed to set their separation date. More airmen selected a separation date in FY 1992 causing the FY 1992 end strength to be lower than originally programmed.

FY 1993 beginning strength will be 375,684 and ending with 356,624 using 365,066 workyears. Continuation of High Year Tenure changes and reenlistment controls implemented in FY 1992 and the remaining separations for the VSI/SSB programs implemented in FY 1992 will result in the FY 1993 end strength being 4108 under the authorized level of 360,730.

FY 1994 beginning strength will be 356,624 and ending with 340,724 using 350,351 workyears. The Air Force will use both the VSI/SSB program and 15 year retirement program to meet the programmed end strength.

PROJECT: INCENTIVE PAY FOR HAZARDOUS DUTY - ENLISTED

FY 1992	Actual	\$24,849
FY 1993	Estimate	\$23,660
FY 1994	Estimate	\$23,262

PART I - PURPOSE AND SCOPE

The purpose of Incentive Pay for Hazardous Duty is to help the Air Force attract and retain enlisted volunteers in duties requiring more than normal exposure to hazardous duties in peacetime.

Funds provide payment to enlisted personnel under provisions of 37 U.S.C. 301 as follows:

- (1) Crew Member - A member who is required by competent orders to participate frequently and regularly in aerial flights. Minimum monthly flight requirements must be attained in order to qualify for this pay.
- (2) Non-Crew Member - Involves frequent and regular participation in aerial flights. Enlisted personnel non-crew members are classified as 'operational support flyers'. They are required to perform critical inflight duties (such as maintenance) that cannot be performed by an assigned crew member.
- (3) Parachute Jumping - Incentive pay for hazardous duty to induce volunteer enlisted personnel to enter into and remain in duty involving parachute jumping from an aircraft in aerial flight.
- (4) Demolition - Explosive demolition as a primary duty including training for such duty. Paid to members who demolish, by the use of explosives, underwater objects, obstacles or explosives, or who recover and render harmless, by disarming or demolition, explosives which have failed to function as intended or which become a potential hazard.
- (5) Experimental Stress - Duties involving an unusually high level of physiological or other stress; specifically (a) duty inside a high (hyperbaric) or low pressure (altitude) chamber; (b) duty as a human test subject in thermal stress experiments, and (c) duty as human acceleration/deceleration test subject.
- (6) Toxic Fuel Handlers - Duties in which personnel may be exposed to toxic fuels and propellants. This pay was initiated as a result of a number of casualties among personnel who work with hypergolic fuel, specifically, hydrazine and nitrogen tetroxide.
- (7) Live/Hazardous Biological Organisms - Duties in which members may be exposed to toxic pesticides or to various hazardous viruses and biological organisms.
- (8) Other hazardous duty required by order and authorized under the provisions of 37 U.S.C. 301.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Incentive duty pay is computed on the basis of the average number of enlisted in each pay grade who are eligible for payment. Average pay rates for flying duty crew members are those prescribed by law, based on average years of service by pay grade. All other hazardous duty pay is computed at the statutory rate per man-year.

PROJECT: SPECIAL PAY - ENLISTED

FY 1992	Actual	\$30,919
FY 1993	Estimate	\$33,251
FY 1994	Estimate	\$29,901

PART I - PURPOSE AND SCOPE

Funds provide special pay to enlisted personnel for sea duty or duty outside the contiguous 48 states and the District of Columbia at places designated by the Secretary of Defense under the provisions of 37 U.S.C. 305 and 305a; for duty subject to hostile fire under the provisions of 37 U.S.C. 310; and for special pay for enlisted members extending duty at designated locations overseas under the provisions of 37 U.S.C. 314.

- (1) Duty At Certain Places - Payment to certain enlisted personnel for purposes of morale and in recognition of the greater than normal hardship experienced at designated locations outside the 48 contiguous states and the District of Columbia. Payment is based on grade with rates ranging from \$8 to \$22.50 per month.
- (2) Overseas Duty Extension Pay - Purpose is to induce enlisted personnel in certain specified "critical skill" classifications to extend their tours for the convenience of the government. Some military specialties are imbalanced in that there are many more positions overseas than in the United States. This results in members being reassigned overseas after less than two years in the U.S. This is a career irritant that has resulted in many voluntary separations from the service. A financial incentive for extending tours of duty overseas helps alleviate these problems as well as conserve PCS funds.
- (3) Diving Duty Pay - Authorized for enlisted members of the Air Force under the provisions of 37 U.S.C. 304. The specific amount to be paid is determined by the Secretary of the Air Force. Although the maximum amount authorized by law is \$300/month for enlisted personnel, the amounts paid by the Air Force are \$150 or \$100 per month based on divers' skill levels, responsibility, hazard, and need for the incentive. Air Force enlisted members engaged in diving duties fall into two career fields, pararescue and diving duty basic. Changes in DoD Pay Manual have authorized members to receive pay when they start training. This policy change was to equalize pay among the services and as a result the requirement increases in FY93. Pararescue divers conduct day/night underwater rescue operations; recover space vehicles; detect and treat decompression sickness, diving accidents/injuries; infiltrate and exfiltrate for land rescue in combat environment and; deploy to sea via parachute, helicopter, surface or subsurface vessel. Combat control team members, who receive the diving duty - basic scuba pay, conduct infiltration and exfiltration to establish and manage air landing/off-load areas ashore. They enter water from surface vessel, parachute or helicopter drop.
- (4) Hostile Fire Pay - Paid to members who serve in designated areas subject to specific dangers.
- (5) Foreign Language Proficiency Pay - Authorized in 37 U.S.C. 316 for enlisted members who have been certified as proficient in a foreign language identified by the Secretary of Defense and who is: (a) qualified in a military specialty requiring such proficiency; (b) received training to develop such proficiency; (c) assigned to military duties requiring such a proficiency; or (d) is proficient in a language for which DoD has a critical need. The pay shall not exceed \$100 a month.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Amounts are computed by applying statutory rates to the average numbers of personnel programmed to be eligible. These areas are sensitive to initiatives such as Desert Storm/Desert Shield in FY 1992 and Restore Hope in FY 1993 which increased the requirement.

Details of the computation are shown in the following tables.

PROJECT: SPECIAL DUTY ASSIGNMENT PAY - ENLISTED

FY 1982	Actual	\$14,063
FY 1983	Estimate	\$12,111
FY 1984	Estimate	\$12,471

PART I - PURPOSE AND SCOPE

Special duty assignment pay is authorized by U.S.C. 307 as an incentive to induce enlisted members to qualify for and serve in duties which are extremely difficult, or duties which involve an unusual degree of responsibility. As of this submission, the Air Force has limited such designations to only 16 specific duties.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Special duty assignment pay is currently authorized for recruiters, basic military training instructors, human intelligence debriefers, combat controllers, pararescue personnel, tactical air command and control personnel, parachuting instructors, defense couriers, members of two joint operational commands, members of two special governmental agencies, and a classified Air Force project. These are demanding and arduous duties which require extraordinary effort for satisfactory performance. The Air Force conducts reviews of the duties, requiring periodic rejustification, with changes as may be indicated by the review. This program is dynamic, i.e. duties may be added or deleted during the year.

PROJECT: SELECTIVE REENLISTMENT BONUS

FY 1982	Actual	\$38,749
FY 1983	Estimate	\$35,779
FY 1984	Estimate	\$37,360

PART I -- PURPOSE AND SCOPE

A Selective Reenlistment Bonus (SRB) is authorized by U.S.C. 308 as an incentive to attract additional reenlistments in critical military specialties which are characterized by retention levels insufficient to sustain the career force at an adequate level. It is available for application to problem reenlistment points from 21 months to 14 years of active service. The bonus amount is the product of up to ten months of basic pay to which the member was entitled at the time of discharge or release, times the number of years of additional obligated service (not to exceed six years) not to exceed a total of \$45,000. The FY 1988 DoD Authorization Act changed the SRB pay methodology. The Air Force pays SRBs under the installment payments made in advance of the normal anniversary dates. Average rates paid change in connection with multiples authorized, years of reenlistment and annual pay raises.

PART II -- JUSTIFICATION OF FUNDS REQUESTED

Selective reenlistment bonus requirements are based on retention trends, current and projected manning levels, and year group shortages in critical skills. Bonuses are successful in both attracting reenlistments of members currently serving in the designated skills, and in attracting members serving in other skills to reenlist for service in the designated skills. To ensure the most prudent and effective expenditure of funds, the Air Force performs a top to bottom review of all skills twice each year.

While the overall drawdown of the force is a contributing factor to the lower totals for FY 1982, we note that the need for the bonus is not directly tied to overall strength levels, but rather to needs in specific skills. Thus, no matter how large or rapid the drawdown, there will always be some specific skills with insufficient retention and a need for the bonus. We will also experience small year groups entering the reenlistment window in FYs 1982-1985, and will need to continue bonuses that might otherwise be reduced/eliminated in order to attain necessary reenlistments to sustain the force.

The Air Force has and will continue to focus management initiatives to balance overage and shortage skills. For shortage skills, the Air Force continually evaluates the SRB program and offers bonuses where appropriate. Other initiatives to fill shortage skills include: increased promotion opportunity to members in chronic critical shortage skills; retaining NCOs from overage skills into shortage skills; and returning previously qualified specialists to shortage skills. The following actions are aimed at reducing overage skills: voluntary and involuntary retraining out of overage skills; and screening/selecting personnel in overage skills for service in shortage skills in which previously qualified.

PROJECT: ENLISTMENT BONUS

FY 1992	Actual	\$903
FY 1993	Estimate	\$1,192
FY 1994	Estimate	\$1,356

PART I - PURPOSE AND SCOPE

An enlistment bonus is authorized by 37 U.S.C. 308a as an incentive to induce individuals to enlist for a period of at least four years in specific, critical military skills which are characterized by an inadequate number of enlistments to meet accession objectives. The maximum bonus authorized by law is \$12,000; however the Air Force currently pays a maximum of \$4,000 and requires recipients to enlist for a six year term. The Air Force pays the bonus to only two skills; however, two additional skills will be added effective 1 April 1993 with first payments in FY94.

PART II - JUSTIFICATION OF FUNDS REQUESTED

An enlistment bonus is currently paid to crypto-linguists, and explosive ordinance disposal personnel. It is paid upon completion of technical training, and therefore not only helps to attract enlistments, but also reduces training attrition. Funds are requested based on the number of enlistees required and programmed to enter the designated specialties. The FY94 estimate includes the addition of two skills, pararescue/recovery and combat controllers.

PROJECT: BASIC ALLOWANCE FOR QUARTERS -- ENLISTED

FY 1992	Actual	\$872,295
FY 1993	Estimate	\$864,798
FY 1994	Estimate	\$834,626

PART I -- PURPOSE AND SCOPE

Funds provide payment of basic allowance for quarters authorized under provisions of 37 U.S.C. Section 403, with or without dependents; and to enlisted personnel occupying inadequate family housing under the provisions of 10 U.S.C. Section 2830.

PART II -- JUSTIFICATION OF FUNDS REQUESTED

Basic allowance for quarters (BAQ) is determined by multiplying the number of eligible personnel by the statutory rates, by pay grade. The total requirement considers the projected number of sponsor manyears and the projected number of these manyears that will reside in government housing. For inadequate housing, the rate payable is the with -- dependent rate less the current experienced average rate charge of the fair rental value of the housing unit. (Pay rate adjustments: FY 1992--4.2%, FY 1993--3.7%, and no payraise in FY 1994) Base Closures and the Overseas Drawdown has necessitated an increase in this requirement as existing housing may not be aligned with the population shifts.

Dollar amounts associated with the above adjustments to BAQ program costs are summarized in the Schedule of Increases and Decreases.

The computation of fund requirements is provided by the following tables:

PROJECT: VARIABLE HOUSING ALLOWANCE -- ENLISTED

FY 1992	Actual	\$169,930
FY 1993	Estimate	\$167,119
FY 1994	Estimate	\$160,361

PART I -- PURPOSE AND SCOPE

Funds provide for payment of Variable Housing Allowance (VHA) authorized under provisions of 37 U.S.C. Section 403a. VHA is based on pay grade, whether member has dependents, and duty assignment in high cost housing areas in the Continental United States, Alaska and Hawaii. A member with dependents who is assigned to an unaccompanied tour of duty outside the U.S. is entitled to a VHA while serving such a tour of duty for any period during which the member's dependents reside in an area of the U.S. which would qualify the member to receive a VHA if assigned to duty in that area.

PART II -- JUSTIFICATION OF FUNDS REQUESTED

A projection of eligible personnel was developed from a relationship between actual VHA payments and actual BAQ payments at both the full with dependent rate and the full without dependent rate, adjusted for approved inflation.

Variable housing allowances are developed by multiplying the number of eligible personnel by the average rate for each grade. A projection of eligible personnel is developed from the sum of personnel receiving a basic allowance for quarters at the full with -- dependent rate and those receiving a basic allowance for quarters, at the full without -- dependent rate. The entitlement includes a housing cost growth of 3.3% in FY 1993, and no increase in rates in FY 1994 as there is no increase in BAQ rates or pay rates. Base Closure and the Overseas Drawdown has resulted in an increase in this requirement.

Dollar impacts associated with these changes are summarized in the Schedule of Increases and Decreases.

The computation of requirements is provided in the following table:

PROJECT: STATION ALLOWANCES, OVERSEAS - ENLISTED

FY 1992	Actual	\$417,548
FY 1993	Estimate	\$493,275
FY 1994	Estimate	\$325,371

PART I - PURPOSE AND SCOPE

Funds provide payment of a per diem allowance to enlisted personnel on duty outside the continental United States. The station allowance considers all elements of the cost of living, including quarters, subsistence and other necessary incidental expenses as prescribed by Joint Travel Regulation and authorized under the provisions of 37 U.S.C. 403 and 405.

PART II - JUSTIFICATION OF FUNDS REQUESTED

This allowance is authorized for the purpose of defraying the average excess costs experienced by service members. An Overseas Housing Allowance (OHA) consists of the difference between the Basic Allowance for Quarters (BAQ) and the applicable housing costs in the overseas area where members are stationed. The Moving In Housing Allowance is intended to offset initial costs such as rent deposits, electrical current transformers and other overseas unique initial housing costs. The Temporary Lodging Allowance covers the off-base housing (hotels) costs for military members PCS'ing in or out of an overseas location. There has been a recent increase in the number of days that a member is receiving this entitlement which has resulted from the rapid drawdown of the forces overseas, created primarily from the Army's drawdown. The numbers of personnel entitled to an overseas station allowance are based on historical data adjusted for known changes of each type of allowance.

The workyears for Cost of Living Allowance, Housing Allowance, Moving In Allowance and Temporary Lodging are based on authorized overseas strengths for each fiscal year. The rates reflect the foreign rates as directed in the 9 Feb 93, FY 1994/FY 1995 Defense Budget Guidance Memorandum.

PROJECT: CLOTHING ALLOWANCE -- ENLISTED

FY 1992	Actual	\$122,113
FY 1993	Estimate	\$119,871
FY 1994	Estimate	\$105,895

PART I -- PURPOSE AND SCOPE

Funds provide payment to enlisted personnel for prescribed clothing, authorized by the Secretary of Defense under the provisions of U.S.C. 418. Included are:

- (1) Initial clothing allowance upon enlistment and civilian clothing allowance when authorized.
- (2) Basic replacement allowance payable to a member upon completion of six months active duty for the remainder of the first three years of continuous service and the standard replacement allowance payable to a member upon completion of 36 months of active duty through the remainder of continuous active duty. Both basic and standard replacement allowances are cash payments. Effective October 1, 1985, all replacement allowances are paid annually.
- (3) Supplemental clothing allowances for personnel assigned to special organizations or details where the nature of duties require additional items of individual uniform clothing.

PART II -- JUSTIFICATION OF FUNDS REQUESTED

Initial clothing allowances are based on programmed numbers by type of accession. The rates prescribed by the Secretary of Defense were used each Fiscal Year. The type of clothing maintenance allowance paid is determined by the average longevity of the enlisted force. Civilian initial allowances and supplemental clothing allowances are based on experience. In FY 1995 the Air Force will have a new service uniform. Defense Management Report Decision 903 requires that dollars be sent to DLA to pay for the initial stock for this item. Program Budget Decision 730 directed Air Force to program \$9.8M dollars in FY 1993 to pay for the initial buy.

The computation of requirements is provided in the following table:

PROJECT: FAMILY SEPARATION ALLOWANCES - ENLISTED

FY 1992	Actual	\$14,247
FY 1993	Estimate	\$14,411
FY 1994	Estimate	\$12,786

PART I - PURPOSE AND SCOPE

Funds provide Family Separation Allowance (FSA) payments, under the provision of 37 U.S.C. 427, to enlisted personnel with dependents to compensate for added expenses incurred because of forced separation from dependents when:

- (1) Travel of dependents to overseas duty station is not authorized and the member maintains two homes, one in CONUS for his family and one overseas.
- (2) When a member with dependents makes a permanent change of station or is on temporary duty travel for thirty days or more either in CONUS or overseas and the travel of dependents to his duty station is not authorized and dependents do not reside at or near the duty station.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Allowances for family separation payments are determined by multiplying the number of personnel eligible for each type of family separation allowance by the applicable statutory rate. There were increased requirements in this area due to Desert Storm/Desert Shield in FY 1992 and Restore Hope in FY 1993.

Details of the cost computation are provided in the following tables:

FY 1992 Actual	\$502,247
FY 1993 Estimate	\$510,523
FY 1994 Estimate	\$179,591

## PART I - PURPOSE AND SCOPE

Funds provide payment to enlisted personnel for:

- (1) Lump sum terminal leave (LSTL) payments for unused accrued leave at time of discharge, reenlistment or death under provisions of 10 U.S.C. 501.
- (2) Severance pay to members separated for physical disability under provisions of 10 U.S.C. 1212.
- (3) Donations for discharge under certain conditions under the provisions of 10 U.S.C. 1048.
- (4) Separation Pay for discharge under provisions of 10 U.S.C. 1174 as amended.
- (5) Voluntary Separation Incentive and Special Separation Benefits programs under the provision of U.S.C. 1775 and 1174a.
- (6) 15 Year Retirement under provisions of 10 U.S.C. 8911, 8914 as amended.

## PART II - JUSTIFICATION OF FUNDS REQUESTED

LSTL is accrued leave paid to a member upon retirement or separation. Members reenlisting on their date of separation have the option to receive pay for all or a portion of their accrued leave. The total requirement for separation payments is determined by multiplying the projected number of payments by the estimated average cost per payment. For leave accumulated prior to September 1976 and retained throughout a member's career, payments include basic pay, \$1.25 per day quarters allowance to members in pay grade E-5 through E-9 with dependents, and \$.70 per day to all members for subsistence. For leave accumulated after September 1, 1976, to include lowering of the leave balance earned as of September 1, 1976. The rate payable is basic pay only. Leave payments will not exceed a career total of 60 days. Severance pay for disability is computed at two months basic pay at the grade held at time of discharge multiplied by the number of years of service, but not more than twelve. In addition, Title 10, Section 1174 of the United States Code was amended to authorize payment of separation pay to Enlisted members who are discharged involuntarily or denied reenlistment who have completed six or more, but less than 20 years of active service immediately before that discharge. Enlisted separation pay is calculated as follows: 12 x months base pay x years service x 10%.

The FY 1992 Defense Authorization Act approved two voluntary separation pay programs to employ during the force drawdown. The programs apply to both officer and enlisted members who have more than 6 and less than 20 years of service. The first is the Voluntary Separations Incentive Program (VSI), and the second is the Special Separation Benefit Program (SSB). VSI is calculated as follows: annual basic pay x 2.5% x years of service with annuity payments for twice the years of service. SSB payments are calculated as follows: annual basic pay x 15% x years of service. These programs will be used to reduce involuntary separations and will be offered to members in average specialties to facilitate force shaping requirements during the drawdown.

The FY 1993 National Defense Authorization Act approved an active duty early retirement program for use during the force drawdown. The early retirement program is necessary to shape the 15 - 20 year segment of the force. It will assist the services in achieving their drawdown goals of maintaining readiness and treating people fairly. The criteria for early retirement will include such factors as grade, years of service, and skill, with a focus on the population where the inventory exceeds requirements. The Air Force will offer early retirement to about 4,200 enlisted members in FY 1994. Members approved for early retirement will receive the same benefits as individuals with 20 or more years of service. However, their retired pay will be reduced by one percent for each year that they are short of 20 years of active duty. The early retirement amount is the product of 2.5 percent x the years of service x basic pay x reduction factor. For members who leave under the early retirement program, the Air Force is required to establish a subaccount within the Military Personnel Appropriation to fund all early retirement payments up front which will cover the entire initial period. This period is defined as that period equal to the difference between 20 years and the number of years completed by the member. The authority to use the early retirement benefit terminates on 1 October 1995.

FY 1992	Estimate	\$580,982
FY 1993	Estimate	\$556,576

PART I - PURPOSE AND SCOPE

Funds represent the Air Force contribution (as an employer) as required by the Federal Insurance Contribution Act (FICA) under provisions of 28 U.S.C. 3101, and 3111.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Social Security costs are based on the percentage rate set by law on a member's salary for a calendar year. P.L. 98-21, "Social Security Amendment of 1983" dated 20 April 1983 establishes the tax rate while the maximum taxable income is determined by the Social Security Administration.

FY 1992	Actual	\$36,823
FY 1993	Estimate	\$39,493
FY 1994	Estimate	\$36,038

PART I - PURPOSE AND SCOPE

The funds requested are (a) for basic pay, commuted rations allowance, and employer's share of FICA tax for cadets appointed to the United States Air Force Academy under the provisions of 37 U.S.C. 201, 203, and 422 and the Federal Insurance Contributions Act; and (b) for the difference between the value of the commuted ration allowance and the cost of operational rations.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Requirements are determined by applying statutory rates to the projected manyears. The FY 1992 program is based on a beginning strength of 4,408 and end strength of 4,300. The cadet end strength is 4,200 for FY 1993, and 4,100 for FY 1994. The operational rations program funds are required for specialized summer programs, basic cadet training field exercises, survival training for upper classes and the cadet flying program. Since operational rations are being eliminated for FY 1993, the subsistence rate for FY 1993 increases to \$4.80 per day from \$3.96 per day in FY 1992. The subsistence rate is \$4.75 per day for FY 1994. There are no programmed pay raises included in the requirements.

FY 1992	Actual	\$799,375
FY 1993	Estimate	\$771,351
FY 1994	Estimate	\$710,886

PART I - PURPOSE AND SCOPE

Funds provide for the payment of subsistence allowances to active duty enlisted personnel under the provisions of 37 U.S.C. 402. Included are allowances when (1) individual is authorized to mess separately; (2) individual is in leave status; (3) Rations-In-Kind are not available; (4) individual is assigned under emergency conditions where government messing facilities are not available; and (5) augmentation of subsistence allowance for meals taken separately is authorized (P.L. 253-84 Th. Congress).

PART II - JUSTIFICATION OF FUNDS REQUESTED

The requirement is based on the average number of enlisted personnel entitled to receive several types of allowances. Distribution of personnel in the various categories is developed on the basis of actual experience which indicated that approximately 83% of enlisted personnel draw Basic Allowance for Subsistence (BAS) in lieu of subsisting in Air Force dining halls.

BAS rates are predicated on the same percentage increase as the pay rates for military personnel. A 3.7% pay raise, effective 1 January 1993, has been included in all the FY 1993 rates making Authorized to Mess Separately and Leave Rations daily rate \$6.59 and Rations-In-Kind Not Available \$7.43. The FY 1994 rates do not include a pay raise and are \$6.65 for Authorized to Mess Separately and Leave Rations, and \$7.50 for Rations-In-Kind Not Available.

## PURPOSE AND SCOPE

For expenses incident to permanent change of station (PCS) travel of military personnel either individually or as part of organized units. PCS travel costs include mileage; monetary allowances in lieu of transportation; transportation by common carrier (rail, bus, air or water, including Air Mobility Command (AMC) and Military Sealift Command (MSC); per diem allowances; actual and necessary expenses and cost of subsistence while in a travel status; issue of meal tickets in lieu of subsistence; travel of dependents and transportation of baggage and household goods, port handling charges for household goods; baggage and privately owned vehicles passing through CONUS Military Traffic Management Command (MTMC) terminals; payments authorized for transportation of dependents, and personal and household effects of deceased military personnel; costs of contract packing, crating, handling and temporary storage of household goods; costs of nontemporary storage of household goods; cost of trailer allowances; travel incident to organizational movements on PCS whether for training or non-training purposes; expenses incident to PCS movement of any military group traveling under one order from the same point of origin to the same destination; minor supplies and services incident to troop or organizational PCS movements; expenses and allowances incident to separation travel, discharge or release. Also included is all authorized temporary duty (TDY) travel directly related to and an integral part of PCS movements of individuals or organizational units. Excludes TDY travel other than that directly related to and an integral part of PCS movements. All authorized PCS travel expenses provided for under this budget program account are charged to the same subprogram account cited in the PCS travel order of the military member. The only exception is the cost of contract commercial storage of household goods on a nontemporary basis. The term "CONUS" (Continental United States) applies to the contiguous 48 states.

## POLICY AND/OR PRICE CHANGES

### 1. Policy Changes:

Starting in FY1992 thru FY1994, the Air Force is posturing itself for significant manpower reductions. In line with the Congressional direction and the Secretary of Defense's plan for the future we are "...reviewing our needs for forces through the mid-1990's and in light of declining defense budgets, we continue to identify locations ... where we can reduce our forces. As we draw down the overall size of the force, it is essential that we correspondingly reduce the installations where the force is based, both in the United States and Overseas...". Due to the dynamics of this process, while many appropriations may see an immediate savings, there will be increased PCS moves and associated upfront cost before any savings will be realized. In addition, there is the added cost to change the tour lengths as a result of increased turbulence in foreign countries where our military personnel are based.

In FY1993 and FY1994 to achieve the continuing Air Force goal of Global Reach - Global Power it is essential to move our people to meet the objectives of strong combat capability and peacetime effectiveness. In these years the PCS program is structured to achieve manning for composite wings, the merging of major commands, base closures, force structure actions including support of overseas drawdowns and tour length changes. The Voluntary Separation Incentive and Special Separation Benefits (VSI/SSB) Program and the 15 Year Retirement Program will impact the accession, separation, and operational and rotational (backfill of essential positions left vacant) move categories.

### PCS actions to reduce personnel turbulence:

As the Air Force moves to strengthen its capability and simultaneously decrease the size of its force, actions being implemented to reduce personnel turbulence and increase tour lengths are reflected in all PCS move categories. FY1993 and FY1994 will face additional strains on both operational and rotational travel due to mandatory force structure actions, (e.g., Defense Management Reviews and base closures and realignments) and force structure actions driven by force-wide strength reductions, as well as increased requirements to fill vacancies resulting from VSI/SSB and 15 year retirement separations. To further minimize PCS costs and reduce personnel turbulence the Air Force will maximize the use of intra-theatre consecutive overseas tours and continuation of tours. In addition, as we close and realign bases overseas, fewer members in a must move status (i.e., training schools, controlled tours) will be assigned to overseas areas, thus increasing CONUS operational moves. We feel the cumulative effect of these actions will work to reduce personnel turbulence while identifying the additional resources necessary to maintain mission responsiveness to the Air Force PCS program.

### Unaccompanied Tours in Europe:

The Air Force does not believe that changing overseas tours in Europe to an unaccompanied tour status is a viable option. Balancing aircraft and capabilities between CONUS and overseas bases to permit six-month rotations would require a massive beddown and reorganization of the Tactical Force, while only increasing military PCS, BAC, and VHA costs. Refresher training courses, which are already above maximum capacity, would have to expand to prepare crews for TDY location missions. In addition, the total number of aircraft available would decrease due to the increased frequency of rotations, which would cause more maintenance downtime for aircraft due to increased use. Approximately 50 percent of the Tactical Aircraft are currently overseas, implementing a European unaccompanied tour policy would mean personnel associated with the Tactical Force would spend half of their careers overseas in an unaccompanied status. Overall, the average number of unaccompanied tours would increase causing additional family separation time, as well as impacting upon recruiting and retention programs and career decisions. A recent "Quality of Life" survey listed family separations as the number one factor affecting negative career decisions.

POLICY AND/OR PRICE CHANGES (CON'T)

2. Policy Changes:

FY 1992, FY 1993, and FY 1994 industrial fund and inflation rate adjustments are included.

FY 1992, FY 1993, and FY 1994 pay raise amounts are 4.2%, 3.7%, and 0% respectively and are effective 1 January each year. These impact the dislocation allowance entitlement which is equal to two months of Basic Allowance for Quarters (BAQ).

PROJECT: ACCESSION TRAVEL

FY 1992	Actual	\$41,518
FY 1993	Estimate	\$39,439
FY 1994	Estimate	\$41,434

PART I - PURPOSE AND SCOPE

Funds provide for the following:

Officers - Covers PCS movements of (1) officers appointed to a commissioned grade from civil life, military academies, Air Force Reserve (AFRES), Reserve Officer Training (ROTC), and Air National Guard (ANG) officers called or recalled to extended active duty from home or point where orders were received to first permanent duty station or training school, of twenty weeks or more duration and (2) officers appointed or recalled from enlisted status from station where they served as enlisted to new permanent duty station or training school of twenty weeks or more duration. (Includes officers appointed from enlisted status upon graduation from Officer Training School (OTS).

Enlisted - Covers PCS movements of (1) enlistees, reenlistees and prior service personnel from recruiting station or place of enlistment to first permanent duty station or training school of twenty weeks or more duration and (2) recalled enlisted reservists from home to first permanent duty station or training school of twenty weeks or more duration.

Cadets - Covers PCS movements of (1) individuals selected as Air Force Academy Cadets upon entry into the Academy and (2) individuals who travel to the academies but fail to pass the entrance physical examinations and are required to return home.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimates for accession travel cover the PCS movement of members entering on active duty. The PCS requirements for accession travel are based upon officer, enlisted and cadet gains as reflected in the Air Force personnel programs. These gains are required to meet planned Air Force manpower levels. This category of move results primarily from approved end strengths and separation/retirements from the Air Force; consequently, adjustments in accession travel can only be accommodated via adjustments in officer, enlisted or cadet strengths. Officer accessions include Academy Graduates, ROTC, Medical Officers, Judge Advocate General Officers, Chaplains, Reserve Officers and OTS graduates. Enlisted accessions include prior and nonprior service personnel, recalled reserves, USAF Preparatory School, and OTS.

Changes between FY 1993 and FY 1994 reflect the changes in accessions due to end strength adjustments and direction to program accessions each year to sustain the base force.

Pay raise and inflation factors are described under 'Price Changes' at the beginning of the Permanent Change of Station detail section.

Average rates are based upon statistical data, ratios and percentages derived from actual accession PCS move costs during a given accounting period. The number of accession moves (officer, enlisted and cadet) times the appropriate rates for each element of expense (e.g., military member, dependents, household goods, etc.) results in the estimated funding required. The number of moves and the associated fiscal year requirements are shown in the tables on the following pages (members are not entitled to temporary lodging expenses).

PROJECT: TRAINING TRAVEL

FY 1992	Actual	\$42,947
FY 1993	Estimate	\$46,085
FY 1994	Estimate	\$29,679

PART I - PURPOSE AND SCOPE

Funds to provide for the PCS movements of:

- (1) Officers and enlisted personnel from previous permanent duty stations to formal service or civilian schools, including technical schools, flying training schools, factory training, and other approved courses of instruction, of 20 weeks duration or more.
- (2) Officers and enlisted school graduates and eliminees from school to their next permanent CONUS duty station excludes Academy graduates, OTS graduates, flying training graduates, ROTC graduates and others chargeable as accession travel.
- (3) Enlisted personnel ordered to training leading to a commission.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimates for training travel cover PCS requirements for officer and enlisted personnel engaged in Air Force and outside agency training programs. The PCS requirements for training travel are the direct result of Air Force training programs covering technical training, career training and flying training. These types of training are required to maintain the skill level and educational requirements necessary to fulfill the Air Force mission. Adjustments in training travel are directly responsive to training programs which generate the move requirements. This category of travel contains basic and advanced technical training, retraining, professional military education (e.g., Air War, National War and Industrial Colleges, Medical Training, Air Force Institute of Technology) and undergraduate pilot and navigator training.

The increase in FY1993 thru FY1994 are attributable to force structure realignments (e.g., Weapons Controller conversions from officer to enlisted positions).

Pay raise and inflation factors are described under "Price Changes" at the beginning of the Permanent Change of Station detail section. Average rates are based on statistical data, ratios, and percentages extracted from actual PCS training move costs. The number of officer and enlisted training moves times the average rate for each element of expense (e.g., military member, dependent, household goods, etc.) results in the estimated funding required.

The number of moves and fiscal year requirements are shown on the following pages.

PROJECT: OPERATIONAL TRAVEL

FY 1992	Actual	\$151,087
FY 1993	Estimate	\$191,420
FY 1994	Estimate	\$173,315

PART I - PURPOSE AND SCOPE

Funds to provide for the PCS movements of:

- (1) Officers and enlisted personnel to and from permanent duty stations located within the United States.
- (2) Officers and enlisted personnel to and from permanent duty stations located within an overseas area when no transoceanic travel is involved.
- (3) Dependents, household goods, personal effects, trailer allowances and privately owned vehicles of officers and enlisted personnel who are interned (including hospitalized or imprisoned), missing, or captured when no transoceanic travel is involved.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimate for operational travel covers PCS requirements for operational reassignment of officer and enlisted personnel between both duty stations (1) within the CONUS and (2) within overseas areas when no transoceanic travel is involved. Operational moves are predicated upon the approved Air Force force structure and are necessary to support skill leveling among units, to fill new/unprogrammed requirements, and to accommodate valid humanitarian assignments. The estimates include actions taken by the Air Force to limit operational reassignments and reduce costs to the minimum necessary to carry out the Air Force mission (manning floor, minimum CONUS tour lengths, do-it-yourself move program, maximum use of low-cost moves).

As the Air Force moves to strengthen our capability and simultaneously decrease the size of our force, the operational PCS program must reflect this requirement. FY1993 and FY1994 will face additional strains on operational travel due to mandated force structure actions, e.g., Defense Management Review, base closures and force structure driven by strength reductions (by regulation these moves include unit moves that will not involve the movement of equipment). Further operational requirements increased to fill vacancies resulting from VSI/SSB, RIFS, and early retirements. Since the operational move category includes overseas moves when no transoceanic travel is involved, as we draw down our overseas strengths we will experience increases in our overseas operational moves. To minimize the costs of these moves, the Air Force will maximize the use of intra-theatre consecutive overseas tours and continuation of tours. In addition, as we close bases overseas fewer members in a must move status (i.e., training schools, controlled tours) will be assigned to overseas areas, thus increasing our CONUS operational moves. The cumulative effect of this action necessitates additional resources to maintain mission responsiveness to the Air Force PCS program. We anticipate a gradual decline in PCS moves after the Air Force end strength stabilizes and fewer base closures and force structure actions are required. Pay raise, inflation factors and manning floors are described under 'Price Changes' and 'Policy Changes' respectively, at the beginning of the PCS detail section.

Average rates are based upon statistical data, ratios and percentages derived from actual PCS operational move costs. The number of officer and enlisted moves and associated numbers for each element of expense (e.g., military member, dependent, household goods, etc.) times the average rate results in estimated funding required. The number of moves and associated fiscal year requirements are shown on the following page.

FY 1992	Actual	\$477,989
FY 1993	Estimate	\$530,819
FY 1994	Estimate	\$514,604

PART I - PURPOSE AND SCOPE

Funds to provide for the PCS movements of:

- (1) Officers and enlisted personnel from permanent duty stations in CONUS, or training of 20 weeks or more duration, to permanent duty stations overseas.
- (2) Officers and enlisted personnel from permanent duty stations overseas to permanent duty stations in CONUS, or training of 20 weeks or more duration.
- (3) Officers and enlisted personnel from permanent duty stations in the overseas area to permanent duty stations in another overseas area when transoceanic travel is involved.
- (4) Dependents, household goods, personal effects, trailer allowances and privately owned vehicles of officers and enlisted personnel who are interned (including hospitalized or imprisoned) missing or captured when transoceanic travel is involved.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Rotational moves are made in accordance with overseas tour policies approved by the Secretary of Defense. While we see a decrease in overseas moves as overseas strength draws down, and base closures slow down we are also seeing an increase to the FY1993 and FY1994 rotational requirements, due to VSI/SSB, RIFs, and early retirements. Also, the Air Force's continuum of major restructuring in overseas locations make the rotational PCS category one of the most volatile areas in the PCS budget.

Pay raise, inflation factors and manning floors are described under "Price Changes" and "Policy Changes" at the beginning of the PCS detail section.

Average rates are based upon statistical data, ratios and percentages derived from actual PCS rotational move costs. The number of officer and enlisted moves and associated numbers for each element of expense (e.g., military member, dependent, household goods, etc.) times the appropriate average rate results in the estimated funding required. PROJECT: SEPARATION TRAVEL

FY 1992	Actual	\$213,191
FY 1993	Estimate	\$168,249
FY 1994	Estimate	\$121,270

PART I - PURPOSE AND SCOPE

Funds provide for the PCS movements of:

- (1) Officers and enlisted personnel upon release or separation from the Air Force from last permanent duty station to home of record or point of entry into the service or to home of selection when authorized by law.
- (2) Dependents, household goods, trailer allowances and personal effects of officers and enlisted personnel who are deceased.
- (3) Eliminated Air Force Academy cadets to home of record or point of entry into the service.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimates for separation travel cover general separations and retirements from the Air Force. The PCS requirements for separation travel are based upon officer, enlisted and cadet losses as reflected in the Air Force personnel programs. Separation travel covers disability separations, honorable separations, enlisted personnel on expiration term of service and normal early releases, retirements, etc. Total estimated separation moves increased as a result of force management actions required to meet reduced force structure, and separations needed to meet force shaping requirements contained in this budget.

Pay raise and inflation factors are explained in the 'Price Changes' section at the beginning of the PCS detail section.

Average rates are based on statistical data, ratios, and percentages derived from actual officer, enlisted and cadet separation PCS move costs. The number of separation moves (officer, enlisted and cadets) and associated numbers for each element of expense (e.g., military member, dependents, household goods, etc.) times the appropriate rate for each category results in the estimated funding required.

The number of moves and fiscal year requirements are shown on the following pages (dollars do not include funding for nontemporary storage; members are not entitled to temporary lodging expenses).

PROJECT: TRAVEL OF ORGANIZED UNITS

FY 1992	Actual	\$22,117
FY 1993	Estimate	\$28,239
FY 1994	Estimate	\$36,318

PART I - PURPOSE AND SCOPE

Funds provide for the CONUS or overseas movement of:

- (1) Officer and enlisted personnel directed to move as members of an organized unit movement.
- (2) Officer and enlisted replacements directed to move as part of the unit move.

PART II - JUSTIFICATION OF FUNDS REQUESTED

The estimates for organized unit travel include requirements for relocation of Air Force units from both the CONUS and overseas in accordance with published Air Force programs. These moves are required as a result of changes in force reductions, force positioning and the requirement to maintain strategic and tactical integrity of units.

The Air Force estimate of organized unit move requirements is based on the most comprehensive planning data available on the DoD regulation definition of a unit move and on historical Program Change Request data. Anticipated moves are tracked throughout the operating and budget years since mission requirements dictate changes to the initial schedule. The estimated number of moves will increase as more drawdown actions occur (e.g. Defense Managements Reviews, base closures, and force structure changes).

Pay raise and inflation factors are described under 'Price Changes' at the beginning of the PCS detail section.

The average rates are based upon statistical data, ratios and percentages derived from actual PCS organized unit move costs. The number of officer and enlisted organized unit moves and associated numbers for each element of expense (e.g., military member, dependents, household goods, etc.) times the average rates results in the estimated fund requirements. PROJECT: UNEMPLOYMENT BENEFITS PAID TO EX-SERVICE MEMBERS

FY 1992	Actual	\$74,511
FY 1993	Estimate	\$87,829
FY 1994	Estimate	\$64,695

PART I - PURPOSE AND SCOPE

Funds are for payments of unemployment benefits to ex-service members who are discharged or released under honorable conditions as prescribed in Paragraph (1) of Section 8521 (a) of Title 5, United States Code. Generally, eligibility is defined as active service in the Armed Forces where upon the individual was discharged under honorable conditions (and if an officer, did not resign for the good of the service); and had completed his first full term of active service; or was discharged before completing his first term under an early release program, because of hardship, for medical reasons, or for personality disorders or inaptitude (but only if the service was continuous for 365 days or more).

Prior to FY 1984 the Department of Labor (DOL) budgeted and paid the individual states for the Federal Government's share of applicable unemployment compensation for ex-servicemen. Beginning in FY 1984, the Department of Defense (DOD) was required to budget for the costs of regular and extended unemployment benefits. Funds appropriated for paying these benefits are deposited by DOD into a Treasury account entitled "Federal Employees Compensation Account." In FY 1991, passage of P.L. 102-164 changed benefits, starting in FY 1992, from thirteen weeks after a four week waiting period to twenty-six weeks with a one week waiting period.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Cost estimates are based on Department of Labor and Department of Defense historical experience.

PROJECT: SURVIVOR BENEFITS

FY 1992	Actual	\$11,600
FY 1993	Estimate	\$11,600
FY 1994	Estimate	\$11,600

PART I - PURPOSE AND SCOPE

Funds are requested to provide for payments of restored social security benefits to widows and orphans of deceased Air Force military personnel. These benefits were withdrawn under Public Law 97-35, which terminated the 'mother's' benefits when the last child in custody of the surviving spouse reached age 16, rather than 18, and affected the 'school child' by either eliminating benefit payments or by requiring a reduction in benefits. Section 156 of Public Law 97-377 modified by Section 943 of the DoD Authorization Act, FY 1984, P.L. 98-94, 97 Stat, 614, restored these social security benefits to survivors of military members and directed the Department of Defense to budget for this requirement.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Cost estimates are based on factors furnished by the Veterans Administration.

PROJECT: ADOPTION REIMBURSEMENT PROGRAM

FY 1992	Actual	\$2,000
FY 1993	Estimate	\$1,000
FY 1994	Estimate	\$1,000

PART I - PURPOSE AND SCOPE

The National Defense Authorization Act for fiscal years 1988 and 1989 (Public Law 100 - 180), Section 638, instructed the Secretary of Defense to establish a program under which members of the Armed Forces may be reimbursed for qualifying child adoption expenses. The test program was to be terminated after FY 1992, but the National Defense Authorization Act for Fiscal Years 1992 and 1993 (Sec. 651) extended the program.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Funds payments of adoption expenses incurred by active duty members in the adoption of a child under 18 years of age. Expenses include public and private agency fees; legal fees; medical expenses for the child, the biological mother, and the adopting parents; temporary foster care; transportation expenses; and other expenses approved by OSD (FM&P).

PROJECT: ALL VOLUNTEER EDUCATIONAL ASSISTANCE PROGRAM (MONTGOMERY GI BILL)

	FY 1992	Actual	
	FY 1993	Estimate	\$0
	FY 1994	Estimate	\$1

PART I - PURPOSE AND SCOPE

Public Law 101-510 dated November 5, 1990 allows Service members who are involuntary separated to enroll in the Montgomery GI Bill. The FY 1993 Defense Authorization Act allows members exercising the VSI/SSB options to convert from the Veterans Educational Assistance Program (VEAP) to the Montgomery GI Bill. Most Military members who are receiving VSI/SSB entered the Service when VEAP was in effect. Beginning in July 1985, the All Volunteer Educational Assistance Program, known as the Montgomery GI Bill, became effective and no new enrollments were accepted into VEAP.

The Services are now required to make additional contributions to the DOD Educational Benefits Fund. Payments into the fund for involuntary separatees will be required in October 1993 and October 1994; payment for VSI/SSB recipients will be required in October 1994.

PART II - JUSTIFICATION OF FUNDS REQUESTED

Cost estimates are based on projected payments into the Montgomery GI Bill:
